

BLOODY FIGHT IS REPORTED IN NICARAGUA WAR

LOSS ON BOTH SIDES WILL
REACH 1070 AND IS ABOUT
EVENLY DIVIDED

SAN JUAN DEL SUR, Nicaragua, Sept. 20.—One of the bloodiest engagements in the history of the present Nicaraguan revolution occurred yesterday near San Jorge. The rebels captured a gunboat from the government sailors and when they attempted to occupy the river were repulsed with a heavy loss. It is reported that the casualties will reach a total of 1070, and are about evenly divided between the two forces.

SAN FRANCISCO BANK WINS SUIT AGAINST NYE COUNTY FOR LARGE AMOUNT—APPEAL TO BE TAKEN

Judgment to the extent of \$34,000 was entered against Nye county yesterday afternoon by Judge Orr of Reno, sitting in the district court for Judge Averill, who declared himself disqualified to hear the case. The judgment was rendered in the case of the First National bank of San Francisco versus Nye county and was to recover on notes hypothecated by Frank Golden when he was president of the new defunct Nye and Ormsby county bank. At the time of the failure of the bank Nye county had on deposit something like \$60,000.

The judgment was taken yesterday afternoon after the special counsel employed by the county made practically no defense, for it was desired to submit the matter to the supreme court without delay. It was stated by the attorneys for the county that the defense was based on a question of law and not of fact, and that it would be better to have the supreme court decide the matter without delay as interest was accumulating monthly and if in the end it was found that the county would be forced to pay the notes, a considerable sum would be saved by prompt action.

Following the decision of Judge Orr against Nye county, the attorneys for the defendant county gave notice of appeal. The appeal is now practically completed and will be presented before the supreme court at the coming session. Attorneys George B. Thatcher and P. M. Bowler represented the county in the action while the plaintiff was represented by H. R. Cooks.

COSTLY FIRE SWEEPS STREET AT LUCKY BOY

FLAMES START IN BUILDING
OCCUPIED BY MERCHANT
MOVING GOODS

Lucky Boy suffered a \$5000 fire loss on Tuesday afternoon, the fire originating in the store of Paul Weiss, where the stock was being removed for shipment to Tonopah.

A four-horse load of groceries and furnishings had been taken out of the store, and the remaining six tons were to be hauled away the following day. Most of these goods had been piled in the street, where they were thought to be safe, but the spread of the fire to adjoining buildings caused them to become a total loss.

The principal losers are K. Barrett, merchandise, and Paul Weiss, general store, the remaining loss being chiefly confined to unoccupied buildings.

If a particular store can save you a dollar on some particular purchase you need to make, the ad in the Bonanza, which tells you where, and why, and when, has a cash value to you—don't you think?

NEW YORK BROKER VERY OPTIMISTIC OVER THE CONDITIONS AS FOUND IN TONOPAH

RATE HEARING BEGUN

CHICAGO, Sept. 20.—Testimony was begun today before Chairman Prouty of the interstate commerce commission in the petition of the Michigan Hardware Manufacturers' association asking that the transcontinental freight bureau, operating from Chicago to the Pacific coast, be required to establish an 80-cent rate on hardwood lumber from the southern Michigan peninsula. A reparation of \$1,000,000 because of the 85-cent rate in force for two years is asked.

After a two days' visit to Goldfield and a stopover of like duration in Tonopah, Harold E. Boericke, a member of the New York brokerage firm of Baruch & Co., left this morning for San Francisco, from whence, after a brief stay, he will return to his eastern headquarters.

So favorably impressed was Mr. Boericke with the conditions prevailing in the various mines that he announced upon his departure that, unless the pressure of his business affairs in the east prevented, he will return to Tonopah in the near future. The New York broker was exceedingly optimistic as to the future of Tonopah, particularly after he availed himself of a privilege of inspecting the deep workings of several mines, and he did not hesitate to state that his observations had far surpassed his fondest expectations.

"I am certainly well pleased with the conditions prevailing," commented Mr. Boericke. "I very naturally keep myself well posted on mining affairs, but my observations here during the last day or two have more than substantiated the most favorable reports as to Tonopah received in the east. Capitalists and investors generally of the east are keenly alert to the opportunities presented by Tonopah, which, without question, is just now entering an era of prosperity and ore production that will far exceed the most sanguine dreams of Jim Butler, its discoverer. A great many people, not only in the east but throughout the entire country, have profited handsomely through investments in Tonopah and it is very natural that the camp is universally well thought of; a close tab is, therefore, being kept upon it."

Mr. Boericke is one of the young westerners who have tackled the brokerage and financial game of the east and made good. He is a native of California and is widely and favorably known throughout Nevada, being located for a number of years in the northern part of the state. About five years ago he went to New York and became identified with the brokerage and financial circles of that metropolis. His success was instantaneous and he is now the principal factor of one of the largest brokerage firms in the Wall street district.

NOT SHADOWING DIXON

WASHINGTON, Sept. 20.—A. Bruce Bielaski, chief of the bureau of investigation, today denied that agents of that department were shadowing Senator Dixon and Medill McCormick, as charged by Senator Dixon last night. Mr. Bielaski said that there were no agents in the department named Arndt and Beardsley, who Senator Dixon says, were the men following him.

PIRATES ARE BEATEN

HONG KONG, Sept. 20.—Pirates who had planned to seize the steamer Kwai-ping while she was bound for Huanghai on the mouth of the West river, were thwarted today by the arrival of a warship. On board the Kwai-ping several confederates of the pirates were found fully armed. They were arrested.

SIX BAD CHECKS PASSED ON MERCHANTS OF RENO

Six bad checks have been passed on local merchants within the last week or two and today District Attorney Woodburn swore to a complaint in Justice of the Peace Davis' court charging the forgeries to F. G. Preston, a convict recently released from the prison at Carson City, says the Gazette. Preston, who was sent to the prison from Goldfield for forgery, has been in Reno for several days and was recognized by some of his victims. After passing the checks, which were for small amounts, he evidently skipped town as the authorities have been unable to find any trace of him.

DEFENDS COLD STORAGE

WASHINGTON, Sept. 20.—A defense of cold storage was made today before the American Public Health association here by Dr. Harry E. Barnard, food commissioner of Indiana. Adequate legislation and development of the practice of labeling cold storage articles, he declared, would do away with the idea that cold storage was an artifice used by the spectacular to force higher prices and a practice which spoils instead of preserving foods.
